

ENVIRONMENTAL POLICY- Kementec Solutions

We at Kementec Solutions are fully committed to continuously improving our environmental performance and working towards a more sustainable future. This is achieved through our Quality and Environmental Management System that ensures that our environmental commitments are met by:

Complying with all applicable compliance obligations and the requirements of the ISO 14001:2015 Environmental Management Systems Standard.

Continuously improving our Quality and Environmental Management System, our products, and processes, to enhance environmental performance.

Commitment of each individual employee to ensure the quality of his / her work, as a part of the overall commitment of the company to prevent pollution and protecting the environment.

Top management guarantees, that our commitments to environmental performance and compliance with all applicable requirements, are promoted throughout the whole organization.

Adding value by finding and implementing more environmentally friendly solutions without compromising quality of products and services to our customers is the basis for our future success and we are proud to be a part of a more sustainable future for Kementec, our customers, and the planet as a whole.

Henrik Christensen

CEO
